Preamble

The parties acknowledge that this relationship is established to create a mutually beneficial partnership that drives sales growth while maintaining professional standards and legal compliance.

1 Scope of Marketed Services

The Marketer is authorized to promote the Agency's core services, which include:

- **Brand Kit Identity:** Comprehensive visual identity packages
- **Monthly Content Packs:** Curated monthly content for social media
- **Ad Launchpad:** Engineered advertising campaigns for immediate ROI

These services are offered under three distinct package tiers as detailed in Article 2.

2 Commission Structure

Given that the Agency's business model is based on one-time payments with flat, transparent pricing rather than long-term contracts, the Marketer is entitled to a commission for each successfully sold service.

Commission Rates

Service Package	Client Price	Marketer Commission	Delivery Timeline
CORE PACK	\$799	\$100	7-10 business days
NEXUS PACK	\$1,399	\$150	14-21 business days
MATRIX PACK	\$1,799	\$200	14-21 business days

OPTILINE Commission Structure by Package

Figure 1: Commission Structure Comparison by Package

Successful Sale Definition

A successful sale is attributed to the Marketer upon:

1. The client's completion of payment through the Agency's designated payment gateway
2. Submission of the Agency's Smart Onboarding Form via the Marketer's unique tracking link
3. Confirmation of the transaction in the Agency's Verified Sales ledger

3 Payment and Eligibility Terms

Commission Accrual and Payment

Commissions are due to the Marketer once the Agency has received the full payment from the client and the "Creation" phase of the service has officially commenced.

The Marketer's commission is not affected by the client's revision rounds (typically 2 to 4 rounds), as the sale is considered closed upon initial Full Delivery.

Minimum Disbursement Threshold

\$100 Minimum: To optimize accounting efficiency, the minimum disbursement threshold is \$100. This ensures that even a single CORE package conversion triggers a payout, maintaining high cash-flow velocity for our partners.

Client Payment Processing

To ensure maximum security and privacy, all client transactions are processed exclusively via decentralized cryptocurrency networks. Payments are calculated based on the live USD peg value at the time of checkout. While stablecoins (USDT, USDC) are strictly preferred to prevent volatility discrepancies, other accepted cryptocurrencies must exactly match the package's USD invoice value at the precise moment of transfer. The Agency does not process traditional credit card or fiat payments from clients.

4 Marketing Standards and Compliance

The Marketer agrees to promote the Agency in accordance with the standards outlined on the official website, specifically:

Mandatory Representations

- **No Account Management Claims:** The Agency's services are not ongoing account management. Marketers must emphasize that the Agency provides production-ready assets for clients to publish.
- **100% Client Ownership:** Clearly communicate that clients retain 100% ownership of all delivered assets and files.
- **Official Delivery Timelines:** Adhere to the Agency's official delivery timeframe of 7 to 21 business days based on package complexity.

Prohibited Activities

Partners must adhere to ethical marketing standards. Prohibited activities include:

- Spamming or unsolicited outreach
- Unauthorized automated outreach
- Deceptive claims or misleading statements
- False testimonials or fabricated results

Non-compliance results in immediate revocation of partner status and forfeiture of pending balances.

5 Confidentiality and Intellectual Property (NDA & IP)

The Marketer agrees:

1. Not to copy or reuse the Agency's proprietary frameworks (e.g., the Hook-Story-Offer system) to establish a competing business.
2. All client data acquired through the Marketer's efforts remains the sole property of OPTILINE Agency. The Marketer shall not use, share, or disclose any client information without written consent from the Agency.
3. Confidential Information includes but is not limited to: pricing models, marketing strategies, client lists, performance data, and proprietary processes.

6 Commission Disbursement & Integrity

OPTILINE is committed to partner profitability. The Agency covers all standard PayPal invoice processing fees, ensuring the Marketer receives their full net commission without deductions.

Payout Schedule & Verification

Commissions are processed and disbursed on a **bi-weekly** basis, provided the minimum threshold of \$100 has been reached. To ensure compliance with global Anti-Money Laundering (AML) standards, the Agency reserves the right to request basic identity verification (KYC) prior to processing cryptocurrency or fiat payouts if suspicious activity is detected.

7 Transactional Gateway Synergy

To maintain instantaneous liquidity and security, OPTILINE processes all client transactions exclusively via decentralized blockchain networks. However, to accommodate our global partners, commission payouts can be requested via:

- PayPal via Invoice (Fiat settlement)
- USDT / USDC (Crypto settlement)

This ensures transparent, secure, and flexible fund transfers for our marketing partners regardless of the client's payment network.

8 Fiat Conversion & Settlement

Since all client funds are received in Cryptocurrency, partners requesting payouts via PayPal (Fiat) must submit a commercial invoice. OPTILINE covers standard invoice processing fees, but any specific cross-border PayPal receiving fees or regional conversion rates applied by PayPal to the Marketer's account are the sole responsibility of the Marketer.

The Marketer must submit withdrawal requests through the Agency's designated PSP portal specifying their preferred payout method.

9 Attribution & Persistent Cookies

Tracking Mechanism

Our ecosystem utilizes high-precision attribution tracking with a **60-day persistent cookie**. If a referred lead converts within 60 days of their initial visit, the commission is automatically and permanently attributed to your Partner ID. The Agency is not liable for lost attribution due to clients clearing cookies, using ad-blockers, or switching devices prior to submitting the onboarding form.

Transaction ID (Tx ID)

Every sale is logged with a unique Transaction ID in our Verified Sales ledger for complete transparency and audit purposes.

10 Compliance & Brand Representation

Partners must adhere to ethical marketing standards and represent the Agency professionally at all times. The Agency reserves the right to:

- Monitor marketing activities for compliance
- Request modifications to marketing materials
- Suspend or terminate partnership for violations

Non-compliance results in immediate revocation of partner status and forfeiture of pending balances.

11 Internal Transaction Mitigation

To prevent system exploitation, "Self-Referrals" (purchasing services for personal use via one's own partner link) are strictly prohibited.

The Agency's AI-driven audit system monitors for IP and identity overlaps to ensure ecosystem fairness. Violations will result in:

- Forfeiture of commissions on flagged transactions
- Potential termination of the partnership agreement

12 Refunds & Clawback Clause

Refund Policy

In the event that the Agency issues a verified refund to a client after the Marketer's commission has been paid, the following applies. Please note that all crypto refunds are issued to the client minus applicable blockchain network fees (gas fees).

Clawback Mechanism:

- The Agency shall deduct the full commission amount from the Marketer's future earnings (Clawback)
- If the Marketer has no pending balance, the amount is recorded as a debit against future commissions
- The Marketer remains liable for any negative balance until settled. If a negative balance remains unresolved for over 30 days, the Agency reserves the right to suspend the account and pursue legal resolution.

Dispute Resolution

The Marketer may dispute a clawback within 7 days of notification by providing evidence of service delivery or client satisfaction. The Agency will review and respond within 5 business days.

13 Independent Contractor Clause

Relationship Definition

The Marketer and the Agency acknowledge and agree that:
